

LED-Uniqa

ELEGANT LED LUMINAIRE FOR OFFICES
AND PUBLIC SPACES

valtavallo

Elegant LED luminaire for offices and public spaces

Operating conditions

LED-Uniqa is a LED luminaire with simple and stylish appearance. Typical applications include for example office areas, conference facilities, business premises and other public spaces.

Installation and maintenance

LED-Uniqa can be suspended or installed with lighting track or directly to the ceiling. The luminaire does not contain separate ballasts, so in addition to normal cleaning, it doesn't require other maintenance than replacing the LED tube when the lifetime has come to its end. Valtavallo LED tubes can be installed and replaced without any electrical work.

Lifetime

For maximum lifetime LED-Uniqa can be equipped with one or two extremely long-lasting Valtavallo LED tubes.
